Floricultura[®]
ORCHIDACEAE & ARACEAE

ORCHIDS THAT SHAPE THE FUTURE

The Elastica series

Floricultura presents Phalaenopsis Elastica, a series of highly versatile cascade type varieties. Elastica stands for flexibility, resilience and suppleness. The series contain Phalaenopsis plants that accommodate your creative ideas. Our Elastica series offers you plants that can be shaped and formed to various creations. Its stems are supple yet very graceful in their new form.

Phalaenopsis Elastica series will give you inspiration for countless creative pieces. We will further develop this series in several colours. In our R&D greenhouses we closely monitor the candidates and select only those that meet the standard for bending and creative purposes. Not all plants qualify for this series!

Floricultura is committed to breed more varieties for the Elastica series as we believe this will add value to your business. You will find our entire series in the flyer. Please contact one of our account managers to get more information about this series and the availability of the varieties.
