Grower: Floricultura  
Administration number: 065889  
Variety: Phalaenops 344108  
Product code: 112897

Description: 8090 Phalaenopsis veredelaars, bij 50% uitbloeit

Start date: 30-03-2020

## **Method of investigation**

We submitted the investigated flowers to a sales simulation, according to the conditions mentioned in the appendix. In the consumer phase we evaluated the stems three times a week. The evaluation criteria are based on the evaluation card for the specific product ([www.vbn.nl](http://www.vbn.nl)). When the ornamental value is insufficient we consider vase life as ended. With these data the average vase life has been calculated. The average vase life expresses the number of days that the flowers have good ornamental value for the consumer. So transport and store phase are excluded.

## **Results**

Number of stems/vase: 0  
Number of vases: 3  
Land of origin: Netherlands

Average longevity 141,0  
Total number of rejected stems on foliage 0  
Standard deviation 0,0  
Percentage reached at day 56 100 %  
Main rejection criteria end of flowering  
Ornamental value foliage 4,7  
number of good Flowers 16,6  
number of rejected buds 0,3  
number of stems 2,0  
number of buds 6,7  
number of flowers that have ended flowering 0,0

Rejection criteria	Number
end of flowering	2
